

# Wren's Gate

Garden and Studio

Wren's Gate Garden & Studio is a small family farm focused on all-natural, sustainable growing methods. We take pride in the freshness and quality of our flowers. Every bouquet is made on our Decatur, Illinois farm, with stems picked fresh for your event.

**DIY** – Mixed buckets of flowers and foliage including 40 to 50 stems per bucket are a wonderful way to personalize your wedding, shower or party. A great option for those who are wanting the seasonal "farm to table" look. Each bucket will fill approximately 5-6 mason jar size vases. Buckets will include the freshest, most beautiful flowers growing at the time of your wedding or event.

**'A La Carte'** - With this option, some of the larger or personal flowers like the bridal bouquet, boutonnieres, corsages, and bridesmaid bouquets will be completed for you. The finished pieces are then picked up at the farm on the day of or the day before the wedding. This pairs nicely with the DIY option.

**Full Design** -This package includes all flowers desired for your event, from bouquets and center pieces, to guest book arrangements and everything in between. The personal flowers and arrangements will be delivered and completely set-up; ensuring the details are perfect.

Don't see the perfect fit? Let's talk about your ideas.. Please contact Wren's Gate for a free consultation.
